1 Introduction

The following official document is the requirements specification document based on the Volere Template. It contains information regarding project drivers, constraints, functional/non-functional requirements and any other critical details that are defined under the templates definition. The specifications document is subject to change and any modifications will be noted in the Revision History Section.

2 Project Drivers

2.1 The Purpose of the Project

2.2 The Client the Customer, and Other Stakeholders

2.3 Users of the Product

3 Project Constraints

The team plans to meet every Monday, Tuesday & Thursday at the pre-defined times listed below. These dates and times are subject to change. The time-slot setup with the supervisor, Dr. Smith, is every Tuesday from 1:30PM - 2:30PM. A member of the team will email Dr. Smith with an agenda 24 hours prior to meeting.

3.1 Mandated Constraints
